 - e. I will ensure that all rubbish is taken away from the premises;
 - f. I will ensure at the end of the activity all windows are closed and doors locked;
 - g. I undertake not to alter the controls on the heating boiler
 - h. I will endeavour to organize the event to avoid damage to the infrastructure or contents of the building. If any damage occurs this is to be reported as soon as possible to the hall manager/hall bookings clerk;
 - i. I will undertake not to stick any posters, decorations to the walls that will cause damage to the painted areas.

 - m. I will ensure cars are parked to allow the emergency services to gain access. I note the car park may be available and hall users are welcome to use it but its use is not guaranteed as part of the hiring. d. Accident book (located in the kitchen).

5. I acknowledge that I have read and understood the fire and emergency procedures attached and will ensure that all personnel under my charge are briefed on them.

Fire Procedures

Fire Prevention. In order to prevent a fire from occurring I am aware of the following measures which are to be implemented and adhered to:

- a. The hatch between the kitchen and the hall should always be left open (this is to enable anyone in the kitchen to hear a shout of "Fire" from elsewhere in the hall. The hatch shuts automatically if a fire gets anywhere near to this).
- b. Combustible materials are not to be left outside the building, thereby, being accessible to potential arsonists.
- c. The no smoking policy is to be adhered to at all times.
- d. If hirer requires the use of electrical equipment for our planned activities not belonging to the hall these must have a valid Portable Appliance Test sticker.

Escape Routes. There are two escape routes from the hall:

- a. Main entrance doors to the hall; and
- b. Door at west end of the hall

The most appropriate exit should be used in the case of a fire. At all times these exits must be kept clear.

Fire Extinguishers. Fire extinguishers are available at strategic points within the building. (In the event of a fire, occupants should only use the fire extinguishers if they are confident and have been trained to do so. Occupants must not put themselves or others at risk if they attempt to fight the fire. The extinguishers are for use on small fires only; such as in a waste paper bin. If the fire has not been extinguished after the fire extinguisher is empty the fire is to be left alone, the alarm sounded, building evacuated and Fire service contacted by using 999.)

Emergency Evacuation Procedures. When becoming aware of a fire I undertake to ensure:

- a. The leader of the activity/party etc is to quickly and calmly direct people to the nearest exit.
- b. Personal belongings should not be collected.
- c. Leaders of the hall activity group are to check that all rooms and toilets are empty.
- d. All personnel are to congregate at the fire assembly point, which is in the car park to the front of the hall.
- e. Leaders of the activity group(s) using the hall are responsible for checking that all their people are present.
- f. The leader of the activity group using the hall is responsible for contacting the fire brigade.

Procedures in the Event of an Accident

10. If a person using the hall has an accident I undertake to:

- a. Use the first aid kit to administer first aid;
- b. If the injury cannot be treated by first aid then assistance is to be sought by telephoning 999 and requesting an ambulance.
- c. After the incident the accident book is to be completed. If the injured person has not been taken to hospital they are to co-sign the incident entry.
